

Regional Information for Decision Makers: Key Data for Nine Regions

Prepared by the State of California's Employment Development Department's (EDD) Labor Market Information Division (LMID) for the California Workforce Association's Meeting of the Minds in Monterey Conference. (September 4th – 6th, 2001)

Introduction

Compiled for a session of the California Workforce Association's Meeting of the Minds in Monterey Conference (September 4th - 6th, 2001), these data packages were developed to provide State, Regional and local labor market and demographic information for the California Economic Strategy Panel's Economic Regions. This data was compiled from various sources including the 2000 Census of Population and Housing, the California Department of Education, the California Department of Finance and the California Employment Development Department.

The California Economic Strategy Panel identified nine distinct regional economies in California. The California Economic Regions include:

- The **Northern California Region** (Del Norte, Humboldt, Lake, Lassen, Mendocino, Modoc, Plumas, Sierra, Siskiyou and Trinity Counties).
- The **Northern Sacramento Valley Region** (Butte, Colusa, Glenn, Shasta and Tehama Counties), the **Greater Sacramento Region** (El Dorado, Nevada, Placer, Sacramento, Sutter, Yolo and Yuba Counties).
- The **Bay Area Region** (Alameda, Contra Costa, Marin, Napa, San Francisco, San Mateo, Santa Clara, Santa Cruz, Solano and Sonoma Counties).
- The **San Joaquin Valley Region** (Fresno, Kern, Kings, Madera, Merced, San Joaquin, Stanislaus and Tulare Counties).
- The **Central Sierra Region** (Alpine, Amador, Calaveras, Inyo, Mariposa, Mono and Tuolumne Counties).
- The **Central Coast Region** (Monterey, San Benito, San Luis Obispo and Santa Barbara Counties).
- The **Southern California Region** (Los Angeles, Orange, Riverside, San Bernardino and Ventura Counties).
- The **Southern Border Region** (Imperial and San Diego Counties).
